**Attachment C**

**Affidavit in Support of Application for Search Warrant**

1. I am a Special Agent for the U.S. Postal Service Office of Inspector General (USPS OIG) assigned to conduct general investigations of USPS employees and the abuse of U.S. Mail. I have been a USPS OIG Special Agent since 2019. During this time, I have been assigned to conduct investigations of narcotics and internal mail theft, the mailing of illegal narcotics and their proceeds, and the theft, rifling, destruction, mistreatment, willful delay, or tampering of U.S. Mail. I have training and experience in the enforcement of laws in the United States, including training regarding conduct drug-related investigations, search and seizure laws, evidence handling and processing, drug identification and field testing. I am a graduate of the Criminal Investigator Training Program at the Federal Law Enforcement Training Center in Glynco, Georgia. I have a bachelor's degree in Economics from The Ohio State University.
2. This Affidavit is made in support of a search warrant for the following property, namely a package associated with United States Postal Service (USPS) Priority Mail Express, USPS Tracking Number:

**a. EJ 739 369 921 US**

as further described in Attachment A, which is incorporated herein by reference. The USPS parcel is hereinafter referred to as TARGET PARCEL. This Affidavit is made in support of a warrant to search the TARGET PARCEL for evidence of a crime as well as contraband, fruits of a crime or other items illegally possessed in relation to the following offenses:

- a. Possession with Intent to Distribute Controlled Substances, in violation of Title 21, United States Code § 841,
- b. Use of a Communication Facility, in violation of Title 21, United States Code § 843(b), and
- c. Conspiracy to Possess with Intent to Distribute Controlled Substances, in violation of Title 21, United States Code § 846.

A list of the specific items to be seized from the TARGET PARCEL is attached hereto as Attachment B, and Attachment B is incorporated herein by reference.

3. Because this Affidavit is submitted in support of the application of the United States to search the parcel, it does not include every fact known concerning this investigation. I have set forth facts and circumstances that I have relied upon to establish probable cause to justify the issuance of a warrant to search the above-described parcel.

4. Your Affiant has become aware through experience and training that drug traffickers frequently use Priority Mail Express and/or Priority Mail services offered by the USPS to transport narcotics and other dangerous controlled substances as well as drug proceeds. Each of these mail services are favored for the transport of contraband, including controlled substances and drug proceeds, because they ensure quicker delivery than standard mail service. These priority services charge a higher fee, but are particularly advantageous to drug traffickers because they are reliable and trackable. Notably, these services are not typically used for personal mailings but rather utilized by commercial businesses. Additionally, the higher fees charged by these mail services are usually paid by credit card or an established account and not in cash. As a result of investigations and successful controlled substance prosecutions where Priority Mail Express and/or Priority Mail were used, Your Affiant has learned of certain characteristics indicative of other Priority Mail Express and/or Priority Mail items previously identified as containing narcotics or other dangerous controlled substances as well as drug proceeds. Some of these characteristics include, but are not necessarily limited to or used on every occasion, the following: mail service fees paid in cash; parcel is dropped off at post office as compared to Click-N-Ship (USPS service which allows carrier pickup); handwritten label; false or non-existent return address; addressee is not known to receive mail at the listed delivery address; the package is heavily taped; the package is mailed from a known drug source location; labeling information contains misspellings; the label contains an illegible waiver signature; unusual odors emanating from the package; and the listed address is located in an area of known or suspected drug activity. The advantage of dropping off the package at the post office as well as paying in cash allows the actual shipper to remain anonymous and not provide a paper trail.
5. On or about November 18, 2021, Your Affiant conducted a review of postal records and determined **U.S. Postal Service Priority Mail Express parcel EJ 739 369 921 US (TARGET PARCEL)** was sent inbound from San Lorenzo, Puerto Rico to 104 Derrer Meadow Lane, Columbus, Ohio 43204. The TARGET PARCEL weighs approximately 23 pounds 11 ounces. Upon reviewing the parcel's description, as set forth in more detail below, Your Affiant notes that the TARGET PARCEL contained several suspicious indicators previously described.
6. The TARGET PARCEL cost \$200.20 to ship to Columbus, Ohio. The package was brought into the post office and the shipping costs were paid for in cash. Distinctly, the outside of the package was vacuum sealed with a layer of shrink wrap and wrapped in a layer of brown wrapping paper. Based upon training and experience, Your Affiant knows that excessive use of tape or shrink wrap to cover the outside of the box is a method of sealing the odor of narcotics inside of the package.

7. Your Affiant observed that the label information on the TARGET PARCEL was handwritten. The destination address on the TARGET PARCEL is "Alexis Amaro Rosa, 104 Derrer Meadow Lane, Columbus, OH 43204." The return address on the TARGET PARCEL is "Angelica Rosa Ruiz, Apt 103 Villas de San Lorenzo, P.R. 00754"
8. According to law enforcement databases, investigators determined the return address of 103 Villas De San Lorenzo, San Lorenzo, Puerto Rico 00754 is a valid residential address. However, there is no one by the name Angelica Rosa Ruiz associated with the residence. There is also no one with the last name Ruiz associated with the residence. Through training and experience, Your Affiant knows that drug traffickers will often use a name and/or return address that does not exist to maintain some anonymity over the package.
9. A review of law enforcement databases determined 104 Derrer Meadow Lane, Columbus, OH 43204 is a valid residential address. However, there is no Alexis Amaro Rosa associated to the residence. There is also no one with the last name Rosa associated to the residence. Through training and experience, Your Affiant knows that drug traffickers will often use a fake or unassociated name with the destination address to maintain some anonymity over the package.
10. On or about November 19, 2021, Your Affiant took custody of the TARGET PARCEL while it was in the custody of the United States Postal Service in central Ohio. The TARGET PARCEL is currently located at a secure U.S. postal facility located in Columbus, Ohio.
11. On or about November 23, 2021, Your Affiant contacted Officer Joseph Rehnert, #15, of the New Albany, Ohio Police Department regarding the suspect parcel and to arrange for a narcotics canine to check the parcels. Officer Rehnert is the handler for "Amigo," a drug detection dog most recently certified through the Ohio Peace Officer Training

Commission and The Office of the Attorney General for the detection of the odor of: Marijuana, Cocaine, Heroin, Methamphetamines and their derivatives.

12. The TARGET PARCEL was placed in a lineup among other packages varying in size, and Amigo was allowed to search the entire area. The search was conducted at 850 Twin Rivers Drive in Columbus, Ohio. Officer Rehnert concluded that K-9 Amigo did alert positively to the TARGET PARCEL. Based on that alert, Officer Rehnert concluded that the odor of one of the drugs that K-9 Amigo is trained and certified to detect was present.
13. I know based on my training and experience that Puerto Rico is a common originating area for controlled substances sent through the U.S. Mail with the central Ohio area being a common destination point for controlled substances sent through the U.S. Mail. I know based on training and experience that information listed herein identifies common characteristics of a U.S. Postal Service parcel that contains a controlled substance associated with a drug trafficking organization, and that the TARGET PARCEL contains a number of those common characteristics. Based upon my experience and training, this information, along with the parcel being mailed from a known drug source location, being mailed to a known drug destination location, is indicative of the parcel containing narcotics.

14. Based upon the information contained in this affidavit, your Affiant believes that there is probable cause to believe that the parcel described below will contain evidence and/or contraband, fruits of crime, or other items illegally possessed:

a. **Priority Mail Express, USPS Tracking Number:**  
**# EJ 739 369 921 US**

WHEREFORE, your Affiant respectfully requests that the Court issue a warrant, authorizing agents of the USPS-OIG, including but not limited to other law enforcement agents and technicians assisting in the above-described investigation, to open, view, photograph, and seize, if necessary, the TARGET PARCEL and its contents.

Further, your Affiant sayeth naught.
